Education

B.S & M.S in Computer Science

May 2027 & 2028

B.S in Interactive Media and Game Development

GPA 3.95

Worcester Polytechnic Institute, Worcester, MA

Coursework: Software Engineering, Object-Oriented Design, Technical Game Development, ROS, AI, Linear Algebra, Operating Systems, Discrete Math, Systems, HCI, Graphics

Achievements: Charles O. Thompson Scholar, Dean’s List, CS Honors Society, Eagle Scout

Technical Skills

Programming: Javascript, Typescript, Git, Java, C++, C, C#, Python, HTML, CSS, LaTeX, WGS

Software: Maya, Blender, Solidworks, ZBrush, 3ds Max

Engines/Frameworks: React, Node.js. Next.js, Unity, Unreal Engine 5, ROS2, WebGPU

Relevant Experience

Web Design Associate

July 2026 - August 2026

NeuroSync

- Developed responsive websites for NeuroSync and the Every Great Reason Foundation.
- Built custom HTML, CSS, and JavaScript components to improve usability and visual design.
- Worked hand-in-hand with the CEO to implement his vision for his foundation’s website.

Software Engineering Intern

June 2025 - August 2025

Black-I Robotics

- Developed a robot fleet dashboard with live statuses, admin features, and authorization.
- Implemented data tracking with MongoDB Atlas to form structured logs.

Game Design Intern

June – July 2024

IndieCade

- Created *Daydreams of Change* in Unreal Engine for IndieCade’s Climate Jam 2024 with a team of 8.

Projects

Mass Brigham & Women’s Hospital Application

March 2025 – May 2025

- Led a 10-person team to apply Agile development to develop a web app using the PERN stack with TypeScript, Prisma ORM, and Tailwind as the Senior Front-End Lead Engineer
- Implemented hospital pathfinding, a map editor, service request modules, and a voice-activated UI.

BrewBuddy - Mead & Wine Batch Tracking App

January 2026 - Present

- Designed and developed a full-stack homebrewing management web app for Graduate HCI.
- Built with Next.js, React, TypeScript, Prisma ORM, and Tailwind using React’s App Router pattern.
- Implemented a batch dashboard, event logging, and check-up scheduling.

Memory of Nations Interactive Map

October - December 2025

- Developed an interactive map to display testimonies in the Memory of Nations archive.
- Mapped testimonies using Maplibre GL and a MySQL database.
- Oversaw the front-end development as the Lead Front-End Engineer.

Organizations

Upsilon Pi Epsilon

January 2026 - Present

Event Coordinator

- Coordinate and announce organization events for WPI’s Computer Science Honors Society chapter.

WPI Men’s Ultimate Frisbee Team

December 2024 - Present

PR Chair

- Create social media posts for team announcements, events, and accomplishments.
- Plan social events for the team to build community.

IMGD Colloquium

September 2023 - Present

Hobbies

Reptiles, Video Games, Ultimate Frisbee, Brewing Mead, Political Activism
